ST-M2EM

M2-proximity standalone Access control

Features:

- Operate by infrared remote
- Contain reader mode, the transmission format could be adjusted by users.
- Support multi access ways: Card, multi cards
- Strong Zinc Alloy Electroplated anti-vandal case
- Support admin card
- 10,000 card users
- Relay NO/NC/COM output

Specifications:

Operating Voltage	DC 12V±10%
Standby Current	≤35mA
Operating Current	≤100mA
Operating Temperature	-35～60℃
Operating Humidity	0～95%
Electric lock signal relay contact current	≤1A
Alarm signal MOS tube output current	≤1A
Unlocking time	0~300s adjustable
