## TL-514L

### 3 Tone Alarm Siren with Flasher

#### Product Description

TL-514L is used as an alarm horn integrated with a flasher that has separate commands for both the siren and the flasher.

It's utilized in fire detection systems, gas detection setups, and various other security systems, ensuring efficient alarm signaling.

#### Technical Parameters

Dimensions	114 x 134 x 43 mm
Weight	43 g
Operating Temperature	-10 °C ~ +50 °C
Operating Humidity	10% - 93%
Operating Voltage	24 Vdc
Current Consumption	40 mA
Horn audio volume	100 dB for 1 m
