ST-208T**

Wireless Outdoor Solar Pet Immunity PIR

Product overview

Wireless Outdoor Solar Pet immunity PIR with intelligent solar charging technology, pet immunity $\geq 25\text{Kg}$, DC 3.7V lithium chargeable battery included.

Features:

- Dual pyro sensors
- VLSI based electronics with movement speed spectrum analysis.
- 8 bands of sensitivities for option.
- Anti-direct or reflective sunshine.
- Pet immunity $\geq 25\text{KGs}$.
- IP65 waterproof, high-strength optical system.

Technical Parameters

Working voltage	DC 3.7V lithium chargeable Battery
Standby current	70uA
Alarm Current	20mA
Emission frequency	433.92MHz
Operating temperature	-10°C~+50°C
Humidity	95%
Warm Period	40s
Alarm Time	2s
Pet immunity	$\geq 25\text{ kg}$
